

**LORGAR**

# VOICER 721

Fully Equipped Professional Microphone

Want your gaming streams and recordings to sound better? The Voicer 721 by Lorgar is designed specifically for gamers and will provide a reference voice transmission rate of 48 kHz, with a bit rate of 16 bit. In addition, the microphone has a cardioid polar pattern, ensuring clear voice transmission due to suppression of external sounds and noise. The sensitivity of the gadget is approximately 40 dB, and the operating frequency range is from 50 Hz to 18 kHz. Adjusting the volume and sound quality is quick and handy. This "Plug & Play Package" offers everything you need for quick setup and work: 2m USB Type-C cable, tripod, shock mount, and mounting accessories. A shock mount, pop filter, and foam windscreen will improve the quality of voice recording by blocking extraneous noise from air and vibrations. The tripod is extremely stable and allows you to position the microphone at the desired angle quickly. The microphone is compatible with most popular programs and does not require additional software or special skills to use. Maximum convenience for creativity and communication!

- Professional sound
- Plug and Play system
- Cardioid polar pattern
- Nickel-plated diaphragm
- Volume control
- Mute button with LED indicator
- 360° Rotation & 180° Tilt
- Headphone out - jack 3.5 mm
- The kit includes 2 m microphone USB-C cable, tripod stand, shock mount, windscreen cap, 3/8" to 5/8" universal pantograph adapter, pop filter, tripod mount ring
- Compatible with Mac, Windows, Android and PlayStation
