Add Hue Bridge to unlock more

8719514319028

## Easy Smart Lighting

Bring smart light anywhere in your home with two E27 smart LED bulbs offering soft white light. Suitable for most light fixtures, these bulbs offer instant wireless dimming.

### Easy smart lighting

- Control up to 10 lights with the Bluetooth app
- Control lights with your voice\*
- Set the right mood with soft white light
- Unlock full suite of smart light features with Hue Bridge
- Comfortable, soft white light

# Highlights

## Control up to 10 lights with the Bluetooth app

With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

## Control lights with your voice\*

Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room, or just a single lamp.

## Set the right mood with soft white light

Hue bulbs and light fixtures use a soft white light. Dimmable from bright daylight to low nightlights, these smart lights allow you to fill your home with just the right level of warm light when you need it.

## Unlock full suite of smart light features with Hue Bridge

Add a Hue Bridge (sold separately) to your smart lights to experience the full suite of Philips Hue features. With a Hue Bridge, you can add up to 50 smart lights to control throughout your home. Create routines to automate your entire smart home lighting set-up. Control your lights while away from home or add accessories such as motion sensors and smart switches.

## Comfortable, soft white light

With a brightness comparable to a traditional 60 W bulb, these bulbs provide a sufficient level of white light that is bright enough for when you are reading on the sofa, listening to music or simply relaxing in your bedroom.

# Specifications

## Lamp dimensions

- Dimensions (WxHxD): 61x110

## Environmental

- Operational humidity: 5% <H<95% (non-condensing)
