System requirements	One available USB 3.1 (Gen 2) Type-A port on your host computer

ICY BOX **IB-1818-U31**

External USB 3.1 (Gen 2) enclosure for M.2 SATA SSD with sliding mechanism

Slide fever

Our sliding mechanism is now even better - whether during installation or daily use, from now on you can look forward to copying your data. The IB-1818-U31 fits comfortably in the hand and looks good in any situation!

Retract the landing gear

This applies not only to airplanes, but also to our IB-1818-U31. The USB port is protected from damage and the data stored on the drive is easily accessible if you need it.

Is it already finished?

With up to 10 Gbit/s your data are copied in a breeze. The integrated LED in a stylish blue indicates whether the hard drive is still being accessed - so you can concentrate on other important things.
