Programmable Driver	Multi-Color LED Backlight	Ergonomic Gaming Design	Gaming Grade Optical Sensor	Adjustable DPI Up to 3,200

■ Programmable Driver

The programmable driver has an friendly user interface that lets you change lighting options and assign different functions and macros to each of the 7 different buttons.

■ Multi-Color LED Backlight

The multi-color LED backlight allows for users to work or play in dark environments with different lighting colors (white/green/blue/purple/yellow/teal/red).

■ Ergonomic Gaming Design

The ergonomic design and the texturized rough surface on both sides of the mouse provide comfort and better grip for both left and right handed users.

■ Gaming Grade Optical Sensor

The advanced optical sensor offers pinpointing tracking precision for your various computing and gaming activities.

■ 7 Level DPI Switch (500/800/1200/1600/2000/2400/3200 DPI)

The adjustable DPI switch provides control of the mouse with 4 different customized sensitivities (7 default speed at 500/800/1,200/1,600/2,000/2,400/3,200 DPI). Located conveniently just below the scroll wheel, the DPI adjustment buttons let you quickly adjust cursor speed between the various computer tasks throughout your day.
