## Better TV Sound Made Easy

TCL's TS5000 sound bar delivers distortion-free sound at any volume level and for any content. With dedicated components for left and right speakers, coupled with fine-tuning by experienced audio engineers, you will be able to hear every detail with crisp clarity. The sound bar also delivers unmatched sound in its class, without the hassle of complicated setup. You can connect to your TV using an Optical or Audio Cable (Aux/3.5mm). Easily place the sound bar under your TV, or wall mount it with the included wall mounting kit to ensure you get it just right the first time. Non-corrosive feet protect your furniture from scratches. This sound bar is also equipped with three different sound modes to deliver optimized sound for Music, Movies, and News.

**120W**  
max**Audio output power in  
Watt at maximum volume**

When you want to be immersed, power does matter. The maximum audio power is what makes your movie or music experience truly immersive. Be moved, every time.

**Dolby Audio****The established surround  
standard for home theater**

Dolby Audio, the most widely used surround sound technology, offers a consistent and great surround sound experience in your living room.

**HDMI™**  
HIGH-DEFINITION MULTIMEDIA INTERFACE**HDMI with ARC**

HDMI with Audio Return Channel (ARC) makes connecting and using your soundbar with your TV easier than ever before with just a single cable.

**Wireless music streaming  
from your Bluetooth device**

Use Bluetooth to turn your sound bar into a powerful music system. Enjoy music with your friends or family.
