

MAMIBOT EXVAC880 T + CLEANING ROBOT (WHITE)

Key features:

- LDS 4.0 laser navigation
 - Two side brushes
- 2-in-1 mopping function
- Low design - 9.8 cm high
- High suction power up to 2880 Pa
 - The new Tuya application
 - Remote control

Main features:

Quad-core A7 processor
for fast mapping

Automatic, intelligent
zoning

Map saving

Suction power 2880 Pa

Battery 2550 mAh

Slim design - only 9.8 cm

Long double side brushes

Optimized air flow

3 water dosing levels

MAMIBOT EXVAC880 T + CLEANING ROBOT (WHITE)

Overcoming obstacles up
to 1.5 cm

3 levels of filtering

Mobile app

Laser navigation

The Mamibot EXVAC880 T + cleaning robot is equipped with a quad-core R16 + DDR A7 chip connected to the SLAM algorithm powered by LDS 4.0 laser navigation.

Intelligent cleaning

The scanning frequency is $312 \times 360^\circ / \text{min}$, thanks to which the Mamibot EXVAC880 T + cleaning robot will quickly create a map of the apartment / house. Compared to gyroscopic technology, the laser scans rooms faster and more accurately, thanks to which cleaning is carried out intelligently, is better planned and free of chaos.

MAMIBOT EXVAC880 T + CLEANING ROBOT (WHITE)

Zoning

- Option to separate a zone that the robot is to clean (e.g. one room),
- Option to divide the apartment into zones that the robot will clean sequentially,
- Option to send the robot to a specific place that requires cleaning,
- Option to set a virtual wall so that the robot does not clean a certain part of the apartment,
- Option to designate a forbidden area (e.g. carpet or other place that is not to be cleaned) ..

Tuya app

EXVAC880 T + is a well-known Mamibot model in a new version with a new Tuya app.

Comparison of Weback and Tuya applications:

Functions:	Weback	Tuya Mamibot App
Map saving:	Only 1 map can be saved	Up to 5 maps can be saved
Forbidden zone:	Maximum 5	Maximum 8
Virtual wall:	Maximum 5	Maximum 8
Zone cleaning:	Maximum 5	Maximum 8

MAMIBOT EXVAC880 T + CLEANING ROBOT (WHITE)

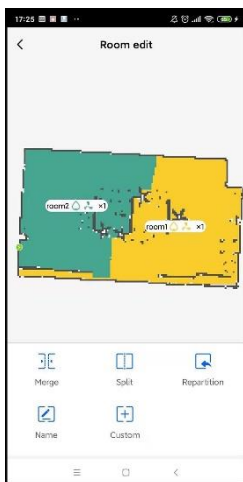

Plan and control the work of the Mamibot EXVAC880 T + robot when you are away from home thanks to the mobile application

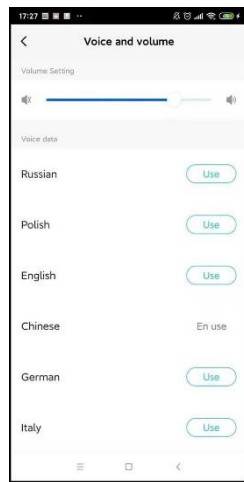

When you are away from home, thanks to the application you can plan, define cleaning zones or regulate the robot's suction power. There are also commands such as: pause / restart / recharge the robot. Cleaning the house has never been so convenient.

Selected features of the Tuya application:

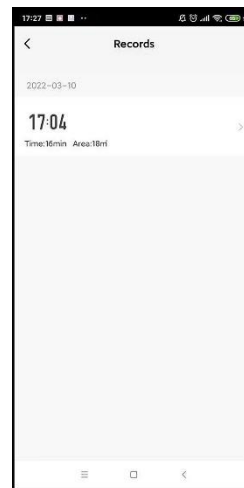

Editing the room map

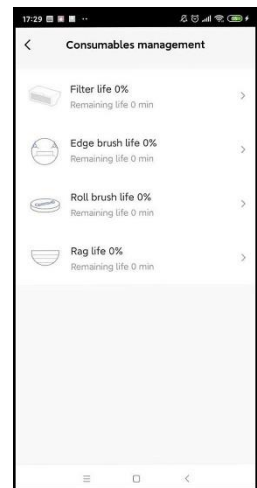

Voice setting

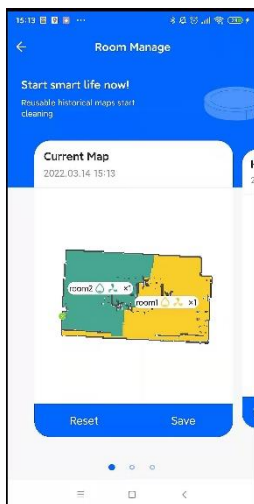

Cleaning records

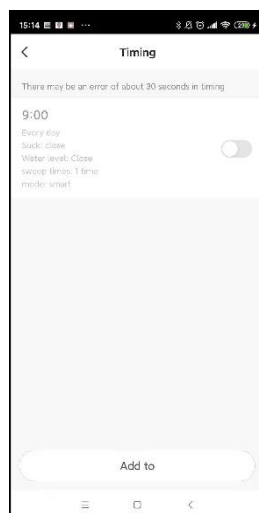

The level of wear of spare parts

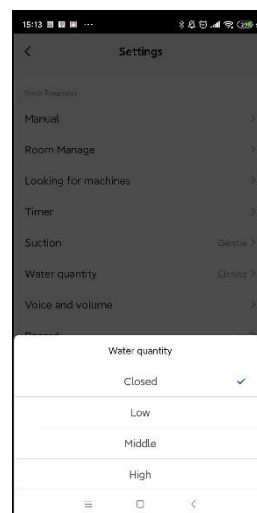

Room maps management

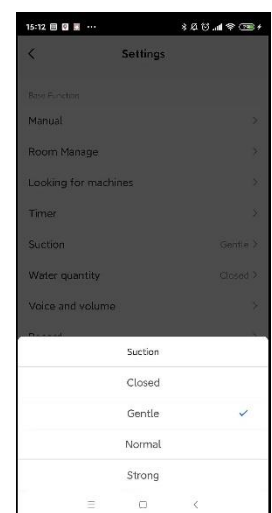

Time settings

Selection of the water dosing level

Selection of the suction power level

MAMIBOT EXVAC880 T + CLEANING ROBOT (WHITE)

High suction power of 2880 Pa

The Mamibot EXVAC880 T + can easily vacuum hair, pet food, dust and even metal balls. It has three levels of 1000 Pa / 2000 Pa / 2880 Pa vacuuming power operated by a 23000 rpm motor to meet different requirements.

Large 370 ml water tank, 3 dosing levels

Water dosing is electronically controlled by a chip, it mops an area of 150-200 m² with a single refill of the container.

Automatic water dispensing starts when the container is full.

Microfiber cloth: gentle but effective cleaning.

Electronic water leakage control.

The large 370 ml water tank allows you to wash a larger area.

MAMIBOT EXVAC880 T + CLEANING ROBOT (WHITE)

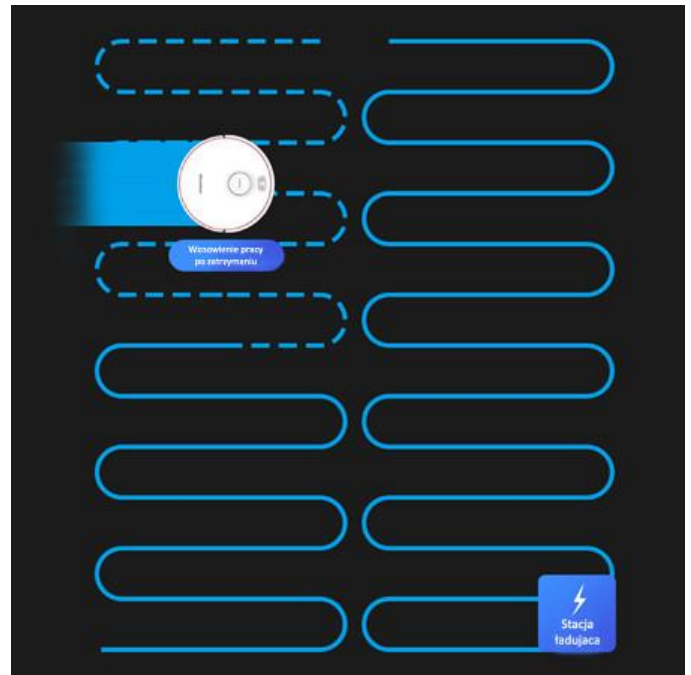

A modern dual-purpose robot: vacuuming and mopping with simultaneous sweeping

This means that the Mamibot EXVAC880 T + can not only effectively vacuum, but also mop the floor. For a better effect, the cleaning robot additionally sweeps small dirt while mopping. It does two exhausting chores while you rest!

Cleaning resume

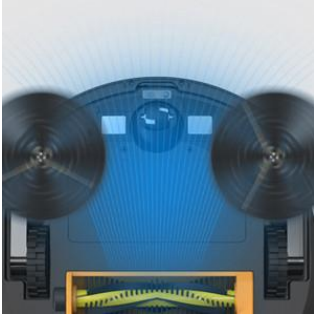

When the Mamibot EXVAC880 T + cleaning robot is manually moved to another place or the battery starts charging, it will return to the left place to clean the unfinished area.

Slim design - 9.8 cm Reach further, clean more!

The Mamibot EXVAC880 T + cleaning robot is lower than most LDS laser robots. Thanks to the height of 9.8 cm, it will easily drive under a cupboard, chest of drawers or bed. Thanks to its slim design, it can clean areas that would otherwise be difficult to access.

MAMIBOT EXVAC880 T + CLEANING ROBOT (WHITE)

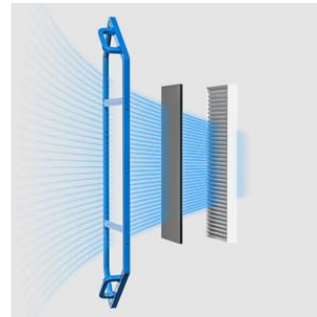

Double side brushes:

They collect dust from two directions and collect it in the central port.

Air flowrate:

Optimized airflow system.

3-level filtering:

Main filter + foam + HEPA prevent secondary air pollution.

Main brush:

Equipped with special silicone blades that collect dust particles. It is effective in sweeping and easy to clean.

Overcoming obstacles up to 1.5 cm

The Mamibot EXVAC880 T + easily enters carpets and thresholds when the height of the obstacle does not exceed 1.5 cm.

Stylish design

The Mamibot EXVAC880 T + cleaning robot looks inconspicuous but works hard.

MAMIBOT EXVAC880 T + CLEANING ROBOT (WHITE)

Voice control

Mamibot EXVAC880 T+ works with Amazon Alexa / Google Home.

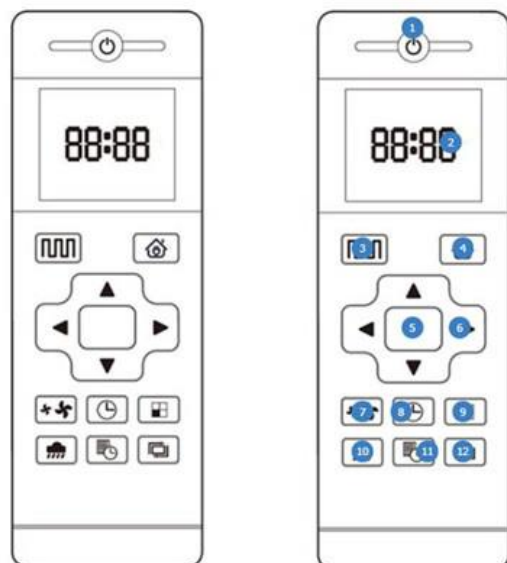

Remote control

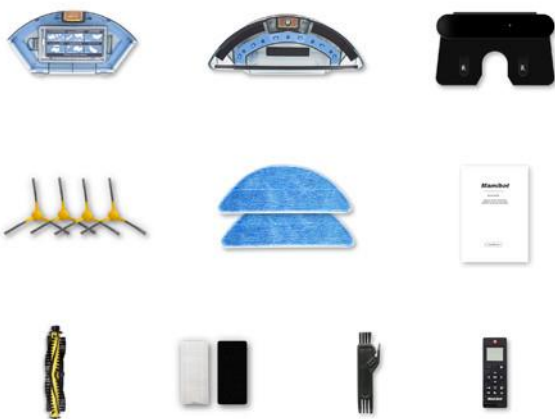

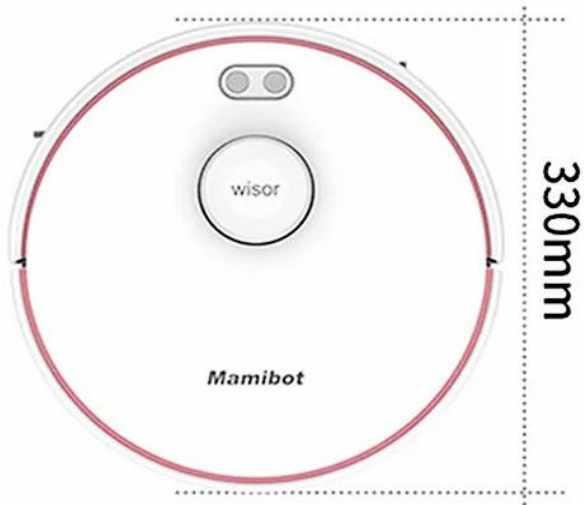

This feature is especially useful for people who do not use smartphones, for the elderly or those who do not want to share their data with the operator of the application.

Remote control functions

1. Power on / off
2. Display
3. Intelligent cleaning
4. Return to automatic charging
5. Confirmation
6. Direction
7. Suction power settings
8. Timer settings
9. Cleaning a single room
10. Mopping
11. Schedule settings
12. Edges cleaning

MAMIBOT EXVAC880 T + CLEANING ROBOT (WHITE)

Each Mamibot EXVAC880 T + is equipped with a stock of accessories that will last for a long time:

- 2 mopping cloths made of microfiber,
- 2 sets of side brushes,
- spare Hepa filter,
- instruction manual,
- remote control (you need to buy 2 x AAA batteries),
- 2 containers (for vacuuming and mopping),
- charging dock,
- brush with a cutter for cleaning the main brush

TECHNICAL SPECIFICATIONS

Dust bin type	No bag
Product colour	White
Shape	Round
Remote Control	Yes
Smartphone remote support	Yes
Wet cleaning	Yes
Dust bin capacity (total)	0.6 l
Programming function	Yes
HEPA filtering system	Yes
Number of stages of air filtrations	3
Automatic return of the base station	Yes
Detection of stairs	Yes
Brush type	Main brush and side brushes
Integrated sensors	Height, obstacles
Navigation type	LDS 4.0
Noise level	75
Works with the Google Assistant	Yes
Works with Amazon Alexa	Yes
SMART technology	Yes
Clean water tank capacity	0.37 l
Battery capacity	2550 mAh
Operating time	55-110 min
Charging time	3-4 h
Battery charging	Yes
Battery voltage	14.4 V
Suction power	1000-2880 Pa
Rotation speed (max)	23000 RPM

LOGISTICAL PARAMETERS

Quantity in a collective packaging	4 pcs.
Quantity on the palette	32 pcs.
Diameter	33 cm
Product height	98 mm
Gross weight	6.2 kg
Net weight	3 kg
Gross package dimensions	558 x 400 x 165 mm
Net product dimensions	330 x 330 x 98 mm
EAN	6970626161246

Warranty 24 months
