

## LED Work Light

This SCHWAIGER® LED work light is a must for every workshop or household. The powerful COB (Chip-on-Board) LED provides bright light, independent of the electricity network. The lamp can be rotated by 270° and be switched from using the front light to

using the top light. The lamp is equipped with a practical and strong magnetic mount and a hook for hanging in order to allow for doing unrestricted work. This lamp is perfect for usage in installation work, while doing car repairs, camping or in emergencies.
