

## LED Double Spotlight

Thanks to the two powerful COB-LEDs, the SCHWAIGER® double spotlight is ideally suitable for lighting at work or DIY. With the help of the telescopic clamps, the light can be extended up to 1.90 m and can thus be perfectly attached to a bonnet, for example.

Or you can remove the two magnetic lamps and use them individually for lighting. Furthermore, the two lamps have a powerbank function, which enables charging your smart-phone while you're at work.

## FEATURES (WLED2000 511)

- ideal illumination due to extremely powerful COB (Chip-on-Board) LED
- holder can be extended up to 1.90 m for a more flexible use
- foldable handle for easy storage and transport
- removable lamps with magnets for a firm hold
- powerbank function for charging mobile devices
- different adjustable brightness levels
- protection class IP54 (protection against dust deposits and spray water)
- Contents: LED work light, USB power supply, USB 3.1 Y charging cable, operating instructions

## TECHNICAL DATA

Connections	2x USB 2.0 A jack 2x USB 3.1 C jack
Power supply	via adapter: 5 VDC , 2 A
Capacity of battery	5200 mAh
Battery type	lithium ion (rechargeable)
Type of lamps	2x5 W COB light-emitting diodes (LED)
Lumen	500 Lm (per lamp)
Charging time	4 h
Run time	100% brightness 3 h 50% brightness 6 h

Protection class	IP54
Material of product	ABS TPR (thermoplastic elastomers) polycarbonate
Colour	black/yellow
Weight (set)	2220 g
Dimensions (width)	680 mm
Dimensions (height)	180 mm
Dimensions (depth)	130 mm
Packaging	carton
