WIDE RANGE OF USE

If your computer is performing slower than you like, replacing the HDD with an SSD is one of the most cost-effective changes you can make. It will completely change your computing experience. SSDs are faster because they call up data more rapidly, so they accelerate boot-up times and app loading.

PERFECT FOR:

PC

LAPTOP

VIDEO GAME
CONSOLE

RELIABLE 3D TLC

GOODRAM CL100 gen. 3 SSD provides best-in-class performance and reliability. The refreshed disk is equipped with 3D TLC NAND Flash memory. Detailed firmware guarantee full software data protection, consistency and security during use.

FEATURES:

3D TLC
NAND Flash

SECURITY & WARRANTY

CL100 gen. 3 SSD is built around selected TLC NAND memory chips. Detailed tests and selection of components made it possible to create an efficient and durable SSD. The quality of this product is recognized by a three-year warranty without TBW limitation.
