

ICY BOX IB-3740-C31

USB 3.1 Type-C™ SINGLE enclosure for 4x 2.5"/3.5" SATA HDDs/SSDs

Key features

- USB 3.1 (Gen 2) for highest transfer rates of up to 10 Gbit/s
- Holds up to four 2.5" or 3.5" drives with SATA 6 Gbit/s interface
- Removable trays for easy SSD and HDD installation
- Interface to computer: USB 3.1, Type-C™, UASP, up to 10 Gbit/s
- Supports SINGLE mode – each drive can be accessed separately
- Energy saving by supporting stand-by mode
- Temperature controlled fan for optimal cooling and performance

Packing content

1x IB-3740-C31, 1x external power supply, 1x power cable,
1x USB Type-C™ to Type-C™ cable (100 cm), 1x set of screws,
1x screw driver, 4x handle for 3.5" drives and 2.5" drive carrier,
4x 2.5" drive carrier, 1x metal frame, 1x manual

Cool USB Type-C™ storage solution

This 4-bay storage enclosure is designed to house up to four 2.5" or 3.5" drives. A durable aluminium case provides efficient heat dissipation, plus a temperature controlled rear fan keeps the drives cool during long hours of operation.

Technical data

| | |
|---------------------------|--|
| Model | IB-3740-C31 |
| Article no. | 60360 |
| EAN code | 4250078167044 |
| Brand | ICY BOX |
| Colour | Black |
| Material | Aluminium / plastic |
| Chipset | VIALabs VL820, VL715 |
| Internal interface | 4x 2.5"/3.5" SATA I, II, III |
| Input interface | 1x USB 3.1 (Gen 2) Type-C™ |
| Transfer rate | SATA up to 6 Gbit/s |
| RAID level | USB 3.1 (Gen 2) up to 10 Gbit/s, UASP SINGLE (JBOD) |

| | |
|----------------------------|--|
| HDD capacity | Up to 10 TB/each |
| Operating system | Windows® and macOS® |
| LED | Multifunctional LED indicators |
| Cooling fan | 80x80 mm smart fan, auto and manual |
| Standby mode | Power sync |
| Power switch | Yes |
| Power supply | Internal, AC 100-240 V, 1.6 A, 50-60 Hz; DC 12 V, 5 A, 60 W |
| System requirements | This device has to be connected to the computer via USB 3.1 (Gen 2) Type-C™ interface. IB-3740-C31 is also working with computers/notebooks with Type-C™ USB 3.0/2.0 and Thunderbolt™ 3 interfaces. The full transfer rate of up to 10 Gbit/s can only be reached, if the USB 3.1 (Gen 2) protocol is supported. |

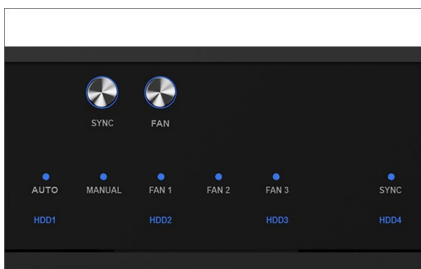

ICY BOX **IB-3740-C31** USB 3.1 Type-C™ SINGLE enclosure for 4x 2.5"/3.5" SATA HDDs/SSDs

It's the mix

Apart from the improved design, the advantage of the IB-3740-C31 is that it can support 2.5" and 3.5" drives. This makes the device an ideal candidate for users looking for the maximum amount of direct attached storage space, since traditional spinning disks can accommodate a significantly larger amount of data than the largest solid state drives. If you're looking to eke out maximum performance, however, you'll want to use 2.5" SSDs instead.

For the environment

When the host device is not being used or if the data transfer cable is not connected the IB-3740-C31 turns itself into standby mode automatically. In addition, each drive bay has an LED indicator in order to provide information regarding HDD activity (read/write), fan settings and sync status.

Fast data transfer

The connection between host PC and external enclosure is realized by a USB 3.1 Type-C™ port. Thanks to the USB 3.1 (Gen 2) protocol a high data transfer rate of up to 10 Gbit/s can be achieved.

Logistical data

Packing unit: 6 pcs./carton
Total weight: 20.6 kg/carton
Gross weight (with packing): 3.155 kg
Net weight: 2.128 kg

Dimension/carton: 606x503x290 mm
Dimension (with packing): 295x160x270 mm
Dimension of article: 127x225x170 mm
Country of origin: China
