DUPRDX2-WW	● Space Grey and Black

Immersive Dual 4K

Sometimes you need more screen real estate. The DX2 can connect up to two external displays at up to 4K resolutions via its twin DisplayPort outputs.

Whether you need to view big spreadsheets on multiple screens, compare designs, enter data or more, the DX2 is the perfect way to see more work on your screen, and do more work on your screen.

KEEP YOUR LAPTOP CHARGED

Keep your Laptop Charged

When you have a lot going on, so does the DX2. It fast-charges laptops with up to 65W of power, supports up to two displays, and delivers connectivity for standard peripherals including Ethernet, audio/microphone jack and USB accessories. All at the same time.

A Universal Dock

The DX2 docking station provides universal compatibility across Windows, Mac and Chromebook computers and laptops. Allowing modern USB-C equipped or older USB-A computers to be connected, this dock enables IT professionals and organisations to deploy the DX2 docking station as a single solution across all users. The DX2 dock helps remove clutter and can power hot desking arrangements in any workspace environment.
